

# Refer A Friend

Dear Valued Client,

As a growing practice we are available to provide our high quality services to new patients. This can include your friends and family. Word of mouth is why we have been so successful and we would be honored if you would help us spread the word by telling your friends, family and co-workers about our practice.

You may know someone who may benefit from our services, and we will be glad to assist them. We will make any referral of yours a priority.

If you know someone who has pain, disability or who is considering surgery, please tell them about our services. This is an opportunity for you to spread the gift of health and wellness and help someone return to a pain free life style. When you provide us with their information, they become a high priority referral and will receive our exclusive patient friendly email newsletter. You will be passing on a valuable resource that will help them improve their standard of living, at no cost to them!

We appreciate every referral and thank you in advance for providing us an opportunity to reinforce our reputation as community leaders.

Here is how you can refer:

Simply tell your friends about our practice, tell your friends to visit our website and provide us with their name and email address, click the image below or you can fill out the form below and we will forward your friend a copy of the "The 7 Secrets to Heal Your Back & Stay Pain Free without Medications, Injections or Surgery...Again!" This ebook contains vital information on the causes of back pain and tips on taking care of your body. We will also sign up your friend for our exclusive email newsletter that is filled with tips and strategies for living a healthy lifestyle. You also provide them an opportunity to become a high priority patient.
